

Konfigurējamie parametri:

The image displays two screenshots of the phpMyAdmin web interface. The top screenshot shows the 'General settings' and 'Appearance settings' sections. In 'General settings', the 'Server connection collation' is set to 'utf8mb4\_unicode\_ci'. In 'Appearance settings', the 'Language' is set to 'English' and the 'Theme' is set to 'pmahomme'. The bottom screenshot shows the 'Database: todo' view for the 'tasks' table. It displays a table with 3 rows and 3 columns: 'id', 'task', and 'time'. The table contains the following data:

id	task	time
168	Pabeigt uzdevumu	2020-07-20 07:21:14
169	Izgulēties	2020-07-20 07:21:27
170	Būt aktīvam visu dienu	2020-07-20 07:21:36

The interface also includes a sidebar with a tree view of databases and tables, and a bottom section for 'Query results operations' and 'Bookmark this SQL query'.

Pievienoju nepieciešamo informāciju un failus, ja ir vēl kas nepieciešams, esmu gatavs jums aizsūtīt visu nepieciešamo informāciju, esmu arī iefilmējis visu, ko esmu paveicis. Gadījumā, ja kas noiet ne tā, lai ir redzams vizuāls uzskates līdzeklis.
